## Absolute Services

In addition to locating and placing skilled employees on a temporary basis, we also provide Temp-to-Hire services. This way an employee can be on our payroll while you evaluate the employee. Direct Hire services are also available for a flat fee. All services provided come with ABSOLUTE placement guarantee.

Our Temporary and Temp-to-Hire services handle all employee payroll including payroll taxes, insurance, and worker's compensation coverage.

## Evaluating Candidates

Absolute Staffing uses our own CARE system to evaluate employees:

- C – Character
- A – Attitude
- R – Responsibility
- E – Enthusiasm

We provide drug testing, reference checking, and background checks. We also check credit and employment history when requested.

## Employee Communication

Prior to being sent on an assignment, applicants will be oriented in the areas of protocol, dress code, confidentiality of information, reliability, and quality of performance. They will also be made aware of customer-specific information such as working hours, assignment length, pay rate, customer supervisor name, parking and other important information. We also check with the employee on the start date and periodically throughout the assignment to ensure a good match.

## Absolute One Hour Call Back

Absolute Staffing will respond to all temporary employment requests within one hour after receiving the initial request to advise the status of the order. The customer will be contacted with a call to confirm the employee name, bill rate information and other vital information relating to the request.
